

HARWOOD MARINE

YACHT DESIGN BY TIM MUMBY

CYBER 4800

Cyber 4800 Aluminium Catamaran is a refreshing mixture of cruising and performance, cruising speed at 7 knots, and top speed comfortably quick, she adequately accommodates for up to 10 + guests or a large family.

A renowned sailing catamaran, Tim Mumby designed this vessel with speed and comfort in mind, with 3 en-suite double queen-size cabins with private bathrooms, 1 double queen-size cabin with bathroom nearby and 2 singles forward. Or sleeping under the stars is an option with the fwd netting the largest bed you've ever slept on. Freshwater usage is also of no concern as she can be fitted with a 200 liter/hour fresh water generator.

Berths are well ventilated with 2 x fans and opening hatches. There is also a TV/DVD surround sound system.

SY MOZART

A Large, Fast, Comfortable charter catamaran, built in Aluminium for light weight and strength, its high speed means you can cover a lot of ground within a short time.

This way cruising grounds further away come within reach, even during shorter charters.
